

## **Bukhara State University, Uzbekistan**

Bukhara State University is one of the largest scientific and academic centers of Uzbekistan. It has about 7000 students in 7 faculties. BSU offers academic programs at all levels: from vocational training to post-doctoral studies, including bachelor, master, graduate and post-graduate courses. Long-term scientific and educational international cooperation is based upon direct agreements with many universities and research institutes of the world. So far BSU has participated in 16 Tempus and 9 Erasmus Mundus Action 2 projects.

BSU staff has gained expertise in international and national projects, related with quality assurance in higher education, curricula reforms, internationalization etc. Senior staff is actively participating in enhancement of standards in teaching and learning.

BSU is ready to cooperate within the new Erasmus+ Program, in particular in “Capacity Building for Higher Education” and “Credit Mobility” schemes.

BSU has a wide network of contacts of professionals from HEIs of all over the Central Asian Region, so that we can provide suitable partners for any project related with higher education.

Based on the regional and national priorities, Bukhara State University is ready to cooperate in the categories of A (curricular reform), B (Improving quality of education and teaching), C (Improving management and operation of HEIs) and D (Developing the higher education sector with society at large).

At the moment project proposals curricular reform in renewable energy sources, tourism, natural sciences and others are being developed, where we need coordinating universities from the EU countries.

Our PIC number is: 936635784
