

To Whom It May Concern,

It is a pleasure of me to write you on behalf of Istanbul Medipol University, from Istanbul, TURKEY. In the framework of Erasmus+, Erasmus; we want to initiate a Bilateral Agreement opportunity with the Universities in your country since we are seeking partners for academic cooperation as Medipol.

Founded in 2009, as a young and dynamic University, we aim to establish our international relations with successful departments of universities worldwide. As a result of these observations, the universities located in your countries present many advantages to us in this context.

We want to see these universities among our other partners as we believe it will be invaluable for our students to enjoy a semester/year of their education in related departments of the universities. We can assure you in every respect regarding academic skills and language competencies of our students. Therefore, we will be very honoured to reach an agreement between our departments including students, teaching staffs and mobility projects for undergraduate level. For more detailed information, you can visit our website;
