

Dear Sir/Madam,

Namangan State University (NamSU) is interested to cooperate under Erasmus+ programme. NamSU was established in 1942 as a pedagogical institute. It is in Namangan province which has almost 2 mln population with 7900 km<sup>2</sup> area located in eastern part on Uzbekistan, considered one of the strategically important area. Nowadays NamSU has over 6000 students in bachelor and master degree programs. NamSU has 430 teaching staff which 36 % of them have PhD and Doctoral levels degrees. NamSU offers various courses of study, including 27 bachelor educational programs, 13 masters specialization programs, 5 programs for full-time Doctorate and another 11 programs for part-time Doctorate. Today the university has academic relationships with more than 40 advanced universities in Europe, Asia and CIS countries. Every year the teaching staff and students attend different scientific events and spend academic visits in advanced universities in developed countries. NamSU as a national coordinator and main role player in TuCAHEA Tempus project (see more information to [www.tucahea.org](http://www.tucahea.org)). In October 29, 2013, Cabinet of Ministers approved order on “About the measures of improving the activities of Namangan State University”. Developing the international relations has given main priority. Therefore, we see Erasmus+ program is one of the good opportunity to develop the international relations and improve the educational quality.

If anybody needs a partner from UZB we are the one who is quite keen and motivated in joining as a partner to any possible projects under Erasmus+. **PIC** Number of NamSU is 934161314.

We are looking forward for partners,

Asatullo Sulaymonov  
Assistant at the International relations department
